

WHGBL Basketball Camp Registration Fee Scholarship Application

Thank you for choosing to learn more about the West Hartford Girls Basketball League's Basketball Camp Scholarship Program. The program provides a current West Hartford Girls Basketball League player with the opportunity to have a registration fee either partial or in full (up to \$500) for any upcoming basketball clinic or camp they choose.

The scholarship is available to any current player in the league in any division. The basketball clinic or camp must be held between March 12, 2024 and December 1, 2024.

To be considered for the scholarship, the player is required to submit the following:

- An application for the scholarship.
- An essay of 500 words or less describing why the player wishes to participate in the clinic, how they feel it will benefit them and what skills they feel the clinic will enhance.
- Any marketing materials or information about the basketball clinic that the player thinks would be helpful for the Scholarship Committee to be aware of as they consider the player's application.

Player Parents may help their daughters (especially those with young players in the Minors Division) write the brief essay.

The completed documents must be emailed to the league President at president@whgbl.org no later than February 29, 2024. The scholarship winner will be notified by the league before the Seniors Division Championship Game (currently scheduled for Sunday, March 10, 2024). It is expected that the scholarship winner will be available and will attend the Championship Game to publicly be recognized for their award. The award will be paid directly to the clinic or camp when an invoice from the clinic or camp is received by the WHGBL.

PLEASE NOTE: The Scholarship Committee of the WHGBL will consider multiple factors when choosing the recipient for the scholarship. The goal is to provide a scholarship to a player that will greatly benefit from the scholarship and has best demonstrated how the basketball camp or clinic will improve their skills.
